ANSWER:

No, I've never had to use a walking stick to get around.

4. Can you think when you may need a stick?

ANSWER:

If I acquire a fracture, strain my foot, or can't see objects, I may require a stick

5. How many children could recognise the others by touching?

ANSWER:

Only one child was able to identify the other children by touching them.

6.How many children could recognise the other children by only hearing them?

ANSWER:

Only by hearing the other children, two children were able to recognise them.

7.Which was easier of the two?

ANSWER:

Hearing others made it easier to recognise them.

8. Touch and tell how many teeth are there in your mouth? Which students in the class have the maximum number of teeth?

ANSWER:

This is a question that students should answer on their own.

9.How many things can you recognise by only touching?

ANSWER:

By simply touching glass, wall, pen, and my toys, I am able to identify them.

10. Close your eyes and listen. What sounds can you hear? Which people can you identify from the sound they make as they move?

ANSWER:

This is a question that students should answer on their own.

11. By just smelling, can you guess if it is someone close to you?

ANSWER:

Yes, I can recognise my mother just by smelling her.

5MARK QUESTIONS

1. How do we help those people who cannot see?

ANSWER:

We can assist folks who are blind in the following ways:

- We can give them improved educational and career options.
- In our schools and other buildings, we should provide handicapped-accessible staircases.
- We should be friendly to them and socialise with them.
- Because they can't read body language, we should try to communicate with them verbally

2. Is there any member in your family who cannot see, speak or hear? Do you know any such person? How do people help them with their work?

ANSWER:

No one in my family is blind, deaf, or dumb. In my colony, there is one boy who is dumb. He makes use of a hearing aid. People can assist him by speaking to him loudly and clearly.

3. What kind of problems do people have in old age?

ANSWER:

People get weak as they age and confront numerous challenges in their daily lives. They usually have joint pain, poor eyesight, and poor hearing. They also have difficulty chewing their food.
