

CHAPTER-III

WATER O' WATER!

2 MARK QUESTIONS

1. Do you know any poem or song on water? Recite them in the class.

ANSWER:

A poem/song on water is given below:

- Water is simple,
- Water is free,
- Water can help the lives,
- The lives of you and me.

2. Tick the activities for which water is needed

ANSWER:

The activities for which water is needed are:

- ✓ To make tea
- ✓ To row a boat
- ✓ To paint pictures
- ✓ vi. To grow plants

3. Which are the places mentioned in the poem where we find water?

ANSWER:

The places mentioned in the poem where we can find water are: rivers, waterfalls, springs, lakes etc.

4. Name any four activities which you can do without water and which you cannot do without water.

ANSWER:

The activities that can be done without water are: playing cricket, sleeping, studying and dancing.

The activities that cannot be done without water are: cooking, bathing, washing cars and washing utensils.

5. In the poem you read about rivers, waterfalls, lakes and springs. We get water from all these places. From where do you get water? Underline those places that are either in your house or around it.

Lake, well, tube well, pond, waterfall, hand pump, river, stream, tap, tank, sea, hot water spring

ANSWER:

The places near the houses can be as followed:

Lake, well, tube well, pond, waterfall, hand pump, river, stream, tap, tank, sea, hot water spring

6. Does any river flow through your village or city? If yes, write its name.

ANSWER:

Yes, a river flows through my city and it is named as river Narmada.

7. Do you know the names of any rivers? Write their names.

ANSWER:

Yes, there are many rivers whose names are known to me. Some of them are: Ganga, Yamuna, Godaveri, Krishna, Kaveri, Narmada, etc.

8. At home, where do you get drinking water from?

ANSWER:

The drinking water at our houses comes from the municipality water department. This water is stored in pots, bottles and water coolers for drinking and cleaning purposes.

9. Do you have to go far to get water? How much time does it take to bring the water?

ANSWER:

No, we do not have to go far away from our houses to get water. The water comes to our houses through taps in the kitchen and bathrooms

10. Do your neighbours bring water from the same place?

ANSWER:

Our neighbours also get their drinking water from the taps in their houses

11. Who fetches and stores water in your house?

ANSWER:

The water in our house is stored and fetched by my parents and elders. Sometimes I also help them in fetching the water.

5 MARK QUESTIONS

1. Arrange the following on the basis of the amount of water that is needed for each of the activities. Begin with the activity that needs the most water.

Activities: to bathe, to drink, to clean the house, to water the fields, to knead the dough.

ANSWER:

The activities given above can be arranged according to the quantity of the water used are:

To water the fields > to clean the house > to bath > to drink > to knead the dough

Watering the fields we require a lot of water and to knead the dough we require very less water.

2. Why do we need to store water?

ANSWER:

There are some days when the municipality has some water issues or there is a strike. So, we need to store water if there is some municipality related issue. Also, the tap does not always provide drinking water, in order to have access to the drinking water we always need to store water in pots, bottles and utensils.

3. Are there certain people who are not allowed to take water from there?

ANSWER:

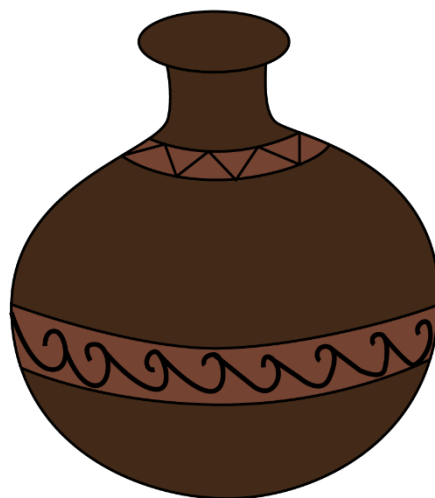

At our house, all of my family members have access to water from the tap water. When the tap at my neighbor's house broke, they were without water. My parents provided them with water from our tap. As a result, there are no restrictions on who can use the water. If somebody needs water, my father is always willing to assist.

4. Colour the pictures of those containers which you use for storing water.

ANSWER:

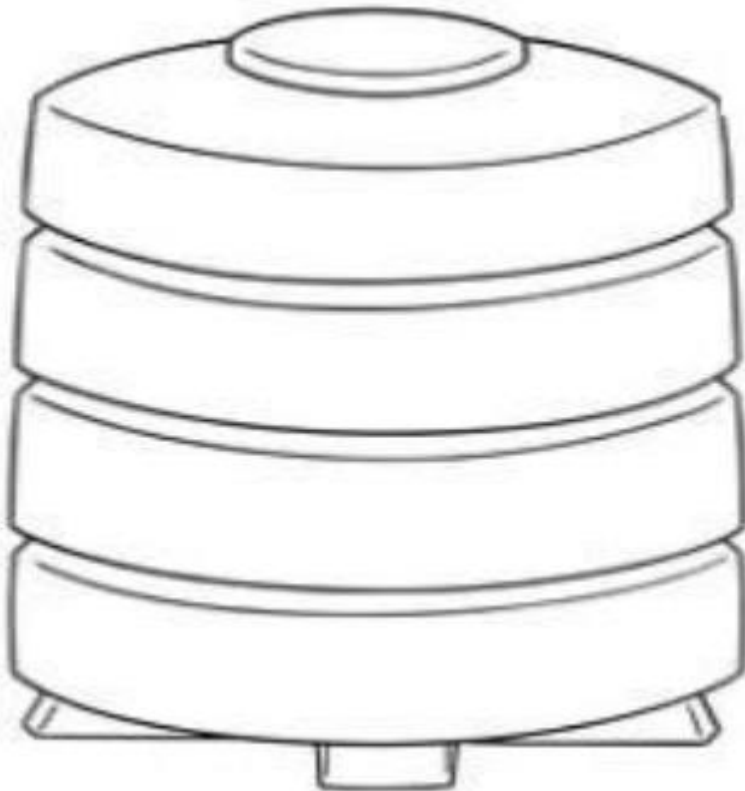

The coloured picture of the pot used to store water in my house is:

5. In your notebook draw pictures of any other containers which are used for storing water in your house. Write their names as well.

ANSWER:

A water tank is used to store water in my house. The picture of a water tank is:

6. Given in the grid are some places where water is found. Find seven of them and put a circle around each. One has already been done for you.

W	A	T	E	R	F	A	L	L
E	L	A	K	E	R	P	X	Q
L	S	E	A	S	A	O	M	T
L	W	I	Q	Y	I	N	N	A
X	W	E	L	L	N	D	Y	P

ANSWER:

The seven places where water is found are marked below:

W	a	t	e	r	f	a	l	l
e	l	a	k	e	r	p	x	q
l	s	e	a	s	a	o	m	t
l	w	i	q	y	i	n	n	a
x	w	e	l	l	n	d	y	p

MULTIPLE CHOICE QUESTIONS

1. What is the main source of water?

1. River
2. Pond
3. Sea
4. Rain

Ans: 4.Rain

2. what is the solid from of water?

1. Water vapour
2. Stone
3. Ice
4. None

Ans: 3. Ice

3.what is not the source of water?

1. River
2. Canal
3. Dam
4. Den

Ans: 4. Den

4. name drop of water you see on the grass in the morning.

1. Dew
2. Nail
3. Snow
4. None

Ans: 1. Dew

5. water is necessary for:-

1. Drinking
2. Growing plants
3. Cleaning
4. All of these

Ans: 4. All of above

SUMMARY

Water O Water is an excellent EVS chapter explaining the importance of water to stay alive. Every living organism needs water for survival and so do we. The activities in the exercises teach students how water is used in daily activities such as cooking, washing clothes, bathing, etc
